

**Young Professionals Day
at the Western Regional Symposium**

Sponsorship Opportunity

\$50.00 Per Student

SWANA is offering a limited number of “internships for a day” to college students pursuing degrees in Environmental Studies programs. Students will be exposed to the diverse career opportunities available throughout the solid waste industry. As industry professionals, we will be able to share valuable insights to attract candidates to consider careers in our industry. Students from several southern California universities will be invited to apply to attend as a Young Professional at the Western Regional Symposium on Tuesday April 3 as the guest of a highly respected company such as yours.

Value to you and your organization:

- Each student will be provided a schedule incorporating 2 hours in your vendor booth to become familiar with your company, its products and services.
- You will be introduced to bright promising students that may fit into your organization in the future.
- Students will be matched with sponsors where the student’s interests and area of study are most compatible with your firm.
- Forge bonds with Southern California academic institutions that may be good sources to conduct research as class projects in the future.
- Students will be able to attend some of the technical sessions for additional exposure adding to their understanding of the diverse specialties that make up the solid waste industry.
- Networking opportunities to meet a variety of students participating in Young Professionals Day.

There will also be a table displaying employment opportunities where your organization may advertise open recruitments, advertise the process to apply for paid or unpaid internships, and share general hiring information. This information is available for both peers and our Young Professionals.

To sponsor a student, please send \$50 payable to “SWANA Founding Chapter” along with the following application to SWANA, 21520 Yorba Linda Blvd, Suite G-428, Yorba Linda CA 92887

Young Professionals Day Sponsorship

Available through February 24, 2012

Company Name: _____

Contact Name: _____
