Board of Directors

SWANA is an organization of professionals committed to advancing from ***solid waste management to resource management*** through their shared emphasis on education, advocacy and research.

A globe of Earth is centered in the image, surrounded by a large amount of plastic waste, including bottles, bags, and other debris. The globe is slightly tilted and shows the continents of North and South America. The background is a soft, out-of-focus blue and green, suggesting a natural environment. The text is overlaid on the globe and waste.
