Manager of Landfill Operations (MOLO) Training Course

Why Attend the Manager of Landfill Operations Training Course?

The new MOLO course provides a comprehensive look at the field of landfill operations management—everything from the basics, to site and environmental management and monitoring, to landfill closure. Coupled with other educational resources, on-the-job training, and real-world experiences, SWANA’s new MOLO-US Version program will help individuals prepare for SWANA certification in landfill operations.

SWANA’s new MOLO program was built by industry experts with deep knowledge of the requirements of this critical industry role. Our new program sets out the core foundational, strategic, technical, and managerial knowledge and skills required of solid waste professionals in this position. Currently there are nearly 1,400 Certified Landfill Managers as part of SWANA’s voluntary certification program. Sign up for MOLO today and join your peers at the most recognized landfill training certification program in North America!

Audience

The primary audience for this course is Landfill Managers (those individuals responsible for the management of day- to-day operation of a landfill) and Landfill Inspectors (those individuals responsible for enforcing regulatory requirements). Others who can benefit from attending the course include solid waste directors, public works directors, lead equipment operators, landfill designers, landfill permit writers, and others in the landfill industry.

Faculty

SWANA employs high quality certified faculty—from industry professionals to leaders in research. Our certified faculty are among the top in their field. To uphold the quality of our solid waste training, SWANA requires all faculty to complete a certification process, focusing on the tools to successfully deliver course requirements. All instructors maintain a strong presence in their courses, engaging students to participate on a daily basis and communicating with them in a timely manner. The faculty for this training course is comprised of SWANA members possessing many years of experience in landfill design, management, operation and/or enforcement. Instructors will be available after scheduled class times to assist students with concerns or problems.

**In Today’s World, You Can’t Afford NOT to Be Trained & Certified
Today, more than ever, professionals working in the solid waste industry must
respond to:**

- Increasing competition
- Increasing regulations
- Public pressure
- Demands for increased efficiency
- Expanding duties
- Calls for a leaner, more productive workforce

Lead the field - Become SWANA Certified today!

Manager of Landfill Operations (MOLO) Training Course

Certification Criteria

To be eligible for SWANA certification you must successfully complete SWANA 's certification examination, and meet SWANA 's eligibility requirements as determined by completion of a Certification Application.

NOT ALL COURSE PARTICIPANTS ARE ELIGIBLE FOR SWANA CERTIFICATION.

If you have any concerns that you may not be eligible for certification (and that is your sole reason for attending), please call us before registering at 1-800-GO-SWANA or send e-mail to certification@swana.org

If you would like to apply for certification as a Certified Landfill Manager, you must complete a Certification Application online at [swana.org/training-certification/find-a-course/training-course/manager-of-landfill-operations\(molo\)](http://swana.org/training-certification/find-a-course/training-course/manager-of-landfill-operations(molo)) .

To be eligible for certification as a Certified Landfill Manager an individual must demonstrate that:

1. He or she has Direct responsibility for daily operations related to the discipline (For instance, compliance with design and permit conditions, utilization of field equipment and services, personnel management, responses to regulatory agencies, and budgeting.); and
2. He or she has at least two years' experience as a landfill manager and a minimum of five years in the MSW management field (may be cumulative) with a High School Degree or GED; or at least two years' experience as a landfill manager and a minimum of four years in the MSW management field (may be cumulative) with a two-year Associates Degree in Civil Engineering, Sanitary Engineering, Environmental Health, Environmental Science, Public Administration, or related or equivalent fields; or at least two years' experience as a landfill manager and a minimum of three years in the MSW management field (may be cumulative) with a four-year Bachelors Degree in any of the above fields.

Certification offered by SWANA is voluntary. SWANA does not endorse or guarantee the quality of any work or conduct of an applicant who has been certified. Coordination and payment for the MOLO exam is handled by the individual. Information will be provided during the course.

Passing a certification exam requires amassing knowledge, skills, and abilities over time from a variety of sources; no one course provides all of the knowledge, skills, and abilities needed to pass a certification exam. Knowledge is gained over time from years of experience in the field; online courses, webinars, and podcasts; in-person seminars and events; hands-on workshops; on-the-job training; local, regional, and national conferences; mentoring programs; trade publications; and more.

Re-Certification Requirements

Initial certification must be through training and testing provided by SWANA. The term of certification is three years. Re-certification can be accomplished by obtaining 30 Professional Development Hours (PDHs), formerly referred to as CEUs, within the three-year certification term, (re-taking the MOLO training course Tuesday through Thursday will earn the 30 PDHs). There is a \$250 re- certification fee (not included in the cost of the course). For more information on re-certifying, go to swana.org/training-certification/swana-certifications/maintaining-your-certification .

“When you are new to the industry, that access to other people doing similar things is so important to build that network and to find out who else is working on it to share ideas and collaborate. That’s the best thing about SWANA, it’s the relationships.”

Karen Storry
Metro Vancouver SW Services

“It’s the relationships from the time I started at the local level in North Carolina and also at the national level. It’s helped me connect with people across the states and Canada.”

Michael Brinchek
Smith Gardner, Inc.

What Does SWANA Provide?

With a growing network of over 10,000 members in 47 chapters throughout the United States and Canada, the Solid Waste Association of North America (SWANA) is the go-to source for the most up-to-date information for professionals in the solid waste and recycling industry.

CONNECT TO OTHER PROFESSIONALS on industry specialties, local events, policy changes, best practices, and much more.

- **SWANA Chapters**—Chapters provide local networking opportunities, have their own newsletters, websites, host local tours and events, provide training opportunities, and advise local officials on behalf of the profession.
- **Technical Divisions**—TDs bring together some of the best minds in seven different fields of solid waste management, each with their own educational opportunities, events, and newsletters for up-to-date information in your specialty.
- **Members-Only Private Social Network, MySWANA**—Includes discussion forums, online membership directory, and online networking communities.
- **Conferences**—SWANA’s Road to Zero Waste, Landfill Symposium, Landfill Gas and Biogas Symposium and other affiliate industry organizations programs are collectively known as SWANApalooza, held in the spring. WASTECON®, held annually in the fall, is the only solid waste conference that is run by and for solid waste professionals, bringing thousands of members together for technical sessions, training, and networking opportunities.

UTILIZE KEY RESOURCES for more efficient operations, innovative ideas, Professional service directory, and enhanced communications.

- **I AM SWANA News bi-weekly** e-newsletter keeps you informed of all things SWANA.
- **MSW Management**, SWANA’s official bi-monthly magazine, explores the latest industry trends. FREE for SWANA members.
- **SWANA’s eLibrary** houses over 3,000 documents, presentations, and videos.
- **SWANA’s Professional Service Directory** lets you put your company in front of more than 10,000 pairs of eyes. With them and over 18,000 active monthly users on SWANA.org—your business is sure to get noticed here.
- **Advocacy** for the issues you’re concerned about through legislative action and access to the Applied Research Foundation (ARF) reports.

ADVANCE YOUR CAREER and expand your horizons both personally and professionally with some of the industry’s most experienced solid waste experts and innovative leaders.

- **MentorMatch**, SWANA’s online professional development program can be found on MySWANA.
- **Leadership positions and program development** opportunities on any one of SWANA’s many committees.
- **SWANA Career Center**, the premier electronic recruitment and job search resource for solid waste professionals.
- **Training Sessions, eLearning and Certification courses** at discounted prices for SWANA members looking to set themselves apart through our highly recognized credentialing programs.
